TOBACCO POLICY

Kennebec Valley Community College is a tobacco-free campus.

The use of tobacco products or any object or device intended to simulate that use, including electronic cigarettes, on campus is strictly prohibited, except within the confines of personal vehicles. The sale, distribution or advertisement of tobacco products is prohibited.

The intent of this Tobacco Policy is to: eliminate exposure to second-hand smoke, provide an environment supportive of tobacco-free lifestyles, eliminate the risk of accidental fire, eliminate the health risks associated with expectoration from smokeless tobacco, and eliminate the environmental impact of cigarette litter.

Kennebec Valley Community College (KVCC) joins with the American College Health Association (ACHA) in supporting the findings of the Surgeon General that tobacco use in any form, active and passive, is a significant health hazard. KVCC further recognizes that second-hand smoke has been classified as a Group A carcinogen by the United States Environmental Protection Agency. KVCC acknowledges the Centers for Disease Control and Prevention (CDC) statistics that 70% of all smokers report that they want to quit smoking completely.

CLOSED CIRCUIT TV POLICY

KVCC's closed circuit TV system is a resource intended for the purpose of informing the College community of upcoming events and public service announcements, as well as general policies related to campus grounds and facilities.

Requests for placement of messages on the monitor system should be submitted via email to the Carter Hall Faculty Secretary, or IT Dept. staff in the event that person isn't available, at least one day in advance and include a heading and description of the announcement, as well as the start and stop dates when it is to appear on the monitor system. Messages should be clearly and briefly stated, preferably limited to a single screen, and written either within the body of the email request or an attached Word document.
